4. — International Olympic Committee

**Meeting of the Executive Committee,
St. Moritz
February 13th-17th 1928**

Present: Count Baillet Latour, President; Baron Godfrey de Blonay, Vice-President; Marquis de Polignac; J. S. Edstrom; General Kentish and S. E. Dr. Lewald.

The President stated that the Marquis de Pons (Spain) and Dr. M. Saenz (Mexico) had been elected members of the International Olympic Committee. The Executive Committee decided to submit to the I. O. C. the nomination of Dr. F. Akel (Esthonia) and to raise the number of delegates of the I. O. C. in Poland and Canada to two.

On the proposal of Dr. Messerli, General Secretary of the Swiss Olympic Committee, the Executive Committee decided to give its patronage to the International Conference for the Medical Control of Sports.

The Executive Committee received delegates from the Winter Sports International Federations. Colonel Holmquist (Ski), M.M. Salchow (Skating), Loicq (Ice Hockey), Count de la Fregeolière (Bobsleigh & Tobogganing). Having welcomed these gentlemen the President explained the situation resulting from the decision of the Executive Committee concerning payment for broken time and asked them to request their Federations to consider this problem in order to facilitate the preparations for the next Olympic Congress.

The wish expressed at the Prague Congress regarding the suppression of the World's Championships the year of the Games was then discussed. Mr. Salchow stated the various reasons for which his Federation could not think of abandoning its Annual World's Championships. He added that in this opinion in his sport, these Championships could do no harm to Olympic participation. Mr. Holmquist on his side said that there were no international Ski-ing Championships.

Count de la Fregeolière asked that in 1932 demonstrations should be held of Ice Yachting and the racing of sleighs drawn by dogs.

The Executive Committee being surprised at the construction put on the nomination by the French Government of a General Commissioner for the Games of the IXth Olympiad, (Amsterdam, 1928), got into touch with Count Clary, who assured them that the functions of a General Commissioner were of a purely national character. In order to avoid a fresh misunderstanding the Executive Committee sent a letter to the Dutch organising Committee reminding them that the Olympic regulations forbid the organising country to accept any special embassy.

Having decided to ask the Baron Pierre de Coubertin kindly to collaborate with the artist of his choice in regard to the establishment of a new Olympic Diploma, the Executive Committee heard the report of the Marquis de Polignac concerning the candidature for the Olympic Diploma of M. Alain Gerbault, and that sent by General Sherrill concerning Colonel Lindbergh.

The Executive Committee, informed by the International Skating Union of the classing of the 500 metres
