*WITH THE  
INTERNATIONAL FEDERATIONS  
IN LAUSANNE*

The Executive Commission of the International Olympic Committee convened on April 21st last, together with the delegates of the international sports federations. An extract from the minutes of the meeting is to be found elsewhere in this issue of the bulletin. We are glad to report that, after the session, the representatives of the international federations were received at a dinner by Mr. J. Sigfrid Edström, President of the I. O. C., and that the evening ended on an extremely cordial note. Furthermore, the Lausanne municipality offered a cocktail party at the Palais de Mon Repos for the benefit of the I. O. C. Executive Committee and the delegates of the international federations.
