

**TO THE NATIONAL OLYMPIC
COMMITTEES**

The foundation of an Olympic Academy at Athens has been decided at Rome during the last session 1949. The National Olympic Committees are informed that the Greek Olympic Committee has been asked to take all measures concerning the organisation and the work of this institution which has received the patronage of the I. C. O.

The national Olympic Committees are therefore requested to reply favourably to all demands which might be addressed to them by the Hellenic Olympic Committee. (M. Jean Ketses report on this subject has appeared in our bulletin Nr. 14.)
