

**Mr. Manfred Mautner von Markhof
seriously injured**

Just cured from an influenza which kept him in bed during the Vienna Session, our member for Austria has recently been seriously injured from a bad car accident which will keep him for many weeks in the hospital. In fact he is treated for many fractures of the pelvis, both hips, the apophysis of the femur and several ribs, as well as many other contusions.

Mr. Mautner von Markhof asks us to inform those who so kindly wrote to him after the Vienna Session that it will not be possible for him to answer, what he very much regrets.

In the name of the Olympic Family, we send our deepest sympathy to our member and our best wishes for a prompt recovery.

His address is: *c/o Unfall-Krankenhaus, Webergasse 2, Vienna 20.*
