

*LIBRARY AND OLYMPIC MUSEUM*

An important gift has been done by the Marquise de Polignac, containing all the olympic publications which were kept by the Marquis de Polignac during the many years of his collaboration in the I. O. C.

Some of those publications and medals did not figure yet in our collection.

We wish to thank the Marquise de Polignac for that gift and we do hope to get still more documents from the first Games (1896 to 1908) about which we have very little things.
