

**CIRCULAR LETTER TO ALL NATIONAL OLYMPIC COMMITTEES,  
INTERNATIONAL FEDERATIONS AND MEMBERS OF THE I. O. C.**

Your attention is directed to the *Bulletin du Comité international olympique*, published six times a year, with Chancellor Otto Mayer of the I. O. C. as editor. This periodical publishes news of the Olympic movement from various parts of the world and contains information for the benefit of those interested in the Olympic Games. Articles of general interest are welcomed by the editor.

A department containing brief news items of general interest from the various countries is about to be started. Each National Olympic Committee is requested to appoint one of its members as a correspondent who will forward to the editor occasionally any news items or articles which may be of interest to *Bulletin* readers. Please be good enough to send to the editor the name of your correspondent at an early date.

The International Federations are also invited to use the columns of the *Bulletin* for articles of general interest.

The editor hopes that members of the I. O. C. will send articles suitable for publication at intervals. Texts should be written in English or French.

(Signed): *Avery Brundage.*
