

Notice to our Readers

In compliance with an order passed by the Session of Athens in May 1954, we beg to inform our Readers that, in future, and entering into force this year, provision has been made for the Bulletin to appear only four times a year instead of six times as formerly. On the other hand, its circulation will be wider than in the past and its publication increased. We beg our Readers to kindly forward us the names and addresses of persons who may be interested and would like to receive our Publication.

*

We would be glad to receive from our subscribers the sum of 10 Swiss Francs, this being the amount of their subscription for the year 1955. To this end we wish to recall the fact that the members of the I. O. C. also those of the National Olympic Committees and the members of the International and National federations and the Press receive the Bulletin free of charge.
