

The founding of a latin group of medicine applied to Sports and Physical Education

This group has been founded in Paris on October 4th of last year, and will collaborate with the International Federation of sportive Medecine. The presidency of this newly formed group has been given to Dr. G. A. Richard while the duties of Secretary have been entrusted to Dr. Philipp Encausse, Chief Supervisor of the Medical service of the General management of the Youth and Sports Organization in Paris,

the latter Movement was the originator of this first meeting. The first Session of this organization will take place at Naples at the end of May 1957, when various topics will be brought up for discussion.

Let us add that the Vice-Presidents of this organization are : Dr. Brandt (Switzerland), Dr. Fornoza (Spain), Placella (Italy) and Dr. Vassilas (Greece).
