

THE OLYMPIC FAMILY

† Selim Sirri Tarcan

We very much regret to announce that Mr. Selim Sirri Tarcan, the first member of the International Olympic Committee to Turkey, deceased on March 2 as a result of a heart attack. Mr. Tarcan was 83 years old and up to his death he has been a strong and healthy man, probably thanks to his devotion to sport and physical culture. Throughout of his athletic career he has distinguished as a real sportsman and efficient author of many athletic books. He was well-known with his faith in Olympic Movement and the so-called Swedish gymnastics have been introduced to Turkey through his endeavour.

Let the Turkish Olympic Committee have our deep sympathy.
