

NOTICE

We publish in the French part of the present edition a summary as to attendances and ticket sales at the various venues in respect of the Olympic Games of Helsinki 1952 and Melbourne 1956. Where the Melbourne Games are concerned the number of tickets sold is factual and the figures in the accompanying statement are in all probability correct, but they have not yet been finally passed by the Auditors. In due course a detailed analysis will be shown in the official report which will be published later on by the Organizing Committee of Melbourne. The amounts published in our summary are given in Australian Pounds, where is concerned and in Sterling Pounds as regard to Helsinki (see page 8).
