

# AN IMPORTANT REMINDER

## TO OUR READERS

We address an urgent appeal to our readers and beg them to send us the modest remittance of 10 Swiss Frcs .-for their subscription for 1958. Our budget which shows a deficit, does not permit us to send our *Bulletin* free of charge although we should like to do so. All articles cannot appear in every issue of our publication, for, this would entail an increased number of pages, and mean of course, an additional cost which would

increase our deficit. We wish to remind our readers that the members of the International Olympic Committee, of the International Federations, of the National Olympic Committees as well as the press receive the *Bulletin* free of charge. We think that it is fair. Our best thanks in anticipation to all those subscribers to whom this appeal applies. (We accept cheques, postal orders, foreign bank notes which can be cashed in Switzerland. — (There is no money restrictions in Switzerland.)
