
A GIFT FOR THE OLYMPIC MUSEUM

It is our pleasant duty to bring to the notice of our readers the fact Dr. Fr. Messerli, historiographer of the International Olympic Committee has just presented the Olympic Museum of Lausanne with a set of plates consisting in a plate of "Delft" china and two plates of "Maastricht" on which subjects recording the Games of the IXth Olympiad at Amsterdam in 1928 are painted. We wish to express our best thanks and appreciation to Dr. Messerli for his most welcome gift.
