

Echos from the Rome Games

To prepare the official film of the Rome Games, operators have filmed 88,000 Meters and it took them hundred days only to print it in black and white, select it and print in colors the 14,000 M. believed to be the best under a sports point of view, the projection lasting 2 hours and 20 minutes.

*

The printing of the Official Report will be finished in January 1962, that means only sixteen months after the closing of the Games and several months before the delay foreseen by the Olympic rules. The Report will be

edited in two volumes covering appr. 1,000 pages and 700 photos. The expenditure for that publication is of 65,000 dollars!

*

It has been stated that, after the Rome Games, the number of people practising sport in Italy had increased, especially amongst the youth. The Italian Olympic Committee does everything possible to meet with the requirements and without the help whatsoever from the Italian public authorities.
