

### **A street named 'Pierre de Coubertin'**

The Town-Council of Limoges (France) decided to call one of the streets of the town *Pierre de Coubertin*. This street runs parallel with the new Municipal Sports Park. This news was kindly conveyed to us by Dr. Henri Pouret, Deputy-Mayor of Limoges, in charge of the Youth and Sports Movement. We welcome this event all the more in that it happens to coincide with the centenary of the Renovator.
