

# THANK YOU!

The Aid Commission of the International Olympic Committee, which studies the several ways for promoting the Olympic ideal among the young nations, will report on this subject in the course of the 60th Session of the International Olympic Committee, in Nairobi.

This movement of solidarity, if yet only a plan, has been understood by many National Olympic Committees who joined in the Commission's effort by granting a donation of each 1000.- Swiss francs or more.

We are glad to say here thank you to these Committees and to publish their names, by alphabetical order and up till April 1st, 1963.

Let us add that a subvention is on the way on behalf of the International Cycling Union.

We know that, until the Nairobi Session (October 1963), several nations will have the same gesture of sporting solidarity.
