In order to respect the dates of publication of our Bulletins and also for technical reasons, the present edition has had to be printed during the Games of the XVIIIth Olympiad at Tokyo. Consequently, all that concerns these Games will appear in our editions of February 1965. This will also be the case for the Minutes of the Session of the International Olympic Committee and the meeting of the Executive Board with the delegates of the National Olympic Committees held in Tokyo.

Editor ad interim.
