

Official Report of the Tokyo Games

The Organizing Committee of the Games of the 18th Olympiad believes that a number of sports organizations, news media groups and individuals will be interested in obtaining copies of this official report and it has arranged to make these available at cost, namely 35 US dollars plus sea mail or air cargo charges.

Orders should be addressed to the Organizing Committee, 25 Jinnan-cho, Shibuya-ku, Tokyo, setting out clearly: name, address and occupation of applicant, version of required set (English or French), sea or air mail as preferred. On receipt of orders the Committee will calculate the mail charges and so advise the applicant. The total amount involved should then be remitted either to the head office of the Tokyo Bank or to the head office of the Nippon Kangyo Bank for the account of the Organizing Committee.

The report will be dispatched as soon as the remittance has been received in Japan.

IMPORTANT

The English and French editions (limited respectively to 1000 and 500 copies) are expected to come off the press by May 1966. This report is in a set of two volumes and consists of some 1100 pages, including 400 pages of colour and monochrome pictures. The first volume with some 460 pages comprises the actual report, while the second volume contains the records of the various events and the names of the participants.
