

PHILATELY

The new "Journal of Sports Philately" has just been published. Apart from general information of interest to the Amateur philatelist, reproductions of post cards from many countries and the results of important international competitions, this publication contains a list of Olympic medallists who appear on postage stamps.

One of our faithful correspondents, Georges Deschiens, a philatelist, bibliophile and great sportsman, has sent us the following chart which he has drawn up of the most important postage stamps issued in various countries.

We are sure that his work will be appreciated by our readers and we hope that others will in their turn send us information on sports philately.

| Country | Olympic Games concerned | Value | Design |

Key: * Mahara State 500 F biathlon competitor

The competitor is represented by a downhill skier, with a rifle on his back - the design is obviously inaccurate both as to the position of the athlete and the form of the ski: it is apparent that the engraver has never seen either a cross-country skier or a biathlon competitor.

* Mexico The 9 postal values are represented in 'Blocs Feuilletés'.
