

VISITORS TO THE I. O. C. HEADQUARTERS

We are very happy to mention at this point the people who, either regularly or occasionally, come to visit the headquarters of the International Olympic Committee in Lausanne.

First of all at the beginning of August the President Mr. Avery BRUNDAGE spent a few days at the Château de Vidy. It was his fifth visit this year.

Some days earlier Lord LUKE (Great Britain), President of the Finance Commission and Mr. Reginald ALEXANDER (Kenya), Vice-President of the same commission, held a two-day meeting. Lord KILLANIN (Ireland), Vice-President of the International Olympic Committee, was also here in July and then again in September. Mr. ERICSSON (Sweden) passed through in August.

The President of the National Olympic Committee of Trinidad and Tobago, Mr. Knolly HENDERSON, came to say hello to the secretariat staff, as did Mr. Raimundo SAPORTA (Spain) in the name of the Spanish Olympic Committee and the International Basketball Federation.

Finally Mr. JANNETTE who is in charge of protocol for the Munich Organizing Committee has visited Vidy several times in the course of the summer.
