* Among the ideas to be discussed at the next Congress of this Federation, to be held on 3rd and 4th August in Copenhagen, we draw your attention to that of the USSR who propose adding a 10.000 m. race to the Olympic Programme, and that of Holland who ask that the calendar and programme of the Olympic canoe races should be fixed at least a year in advance.

CYCLING - FEDERATION INTERNATIONALE DE CYCLISME

* An error slipped into Nos. 26-27 of our Newsletter. The Congress held at the end of November at Geneva was that of the "Union Cycliste Internationale" and not that of the Fédération Internationale de Cyclisme. Similarly, it is the headquarters of the UCI and not the FIAC which has been transferred from Paris to Geneva.

* Mr. Michael JEKIEL stays Secretary General of the UCI, that of the Fédération Internationale de Cyclisme being Mr. Giuliano PACCIARELLI.

We apologise for this error.
