Administration of Olympic Solidarity

The nomination of Mr. Marcello Garroni as Attaché to the Coordinator of Olympic Solidarity, Mr. Giulio Onesti, was approved by the IOC Executive Board at its meeting in Abidjan.

Secretary of the Organising Committee for the Games of the XVIIth Olympiad held at Rome in 1960, chef de mission of the Italian delegation to the Olympic Games three times and to the Winter Games twice, Deputy Secretary General of the Italian National Olympic Committee for many years, Mr. Garroni made use of his outstanding practical experience when taking part in the elaboration of "The Administration of an Olympic Games".

A long-standing collaborator of Mr. Onesti and a specialist in international relations, he has always followed the development of the Olympic Solidarity movement.

Since February, the 1977 Solidarity programme has been slightly disrupted. However, activities are re-commencing and the summer programme will take place as scheduled.
