Letter from the President

After our General Assembly in Vaduz (LIE), we have received numerous letters showing that this meeting was constructive and contributed to strengthening the close co-operation between the European NOCs.

We wish to thank once again the Liechtenstein Olympic Committee for the perfect organisation of our meeting, for which it must take all the credit.

The presence of Mrs. Monique Berlioux Director of the IOC was greatly appreciated by all the delegations. We are particularly grateful to her for having given us, from this number on, this editorial space in which we will regularly publish our news and comments.

Our 9th General Assembly will take place in Sofia (BUL) from 17th to 19th June 1978. Our Bulgarian friends have already prepared a varied programme.

The Executive Committee of the ENOCs met on 12th and 13th December 1977 in Frankfurt am Main and all the points raised at the Vaduz Assembly were discussed. The different replies or results will be given in Sofia.

We should like to remind you of our circular letter of 11th November 1977 concerning our investigation on mutual aid. We are awaiting your replies.

We send our best wishes for 1978 to the European NOCs.

Bo Bengtson
