

## The Association of European NOCs\*

by Jean Weymann,  
Secretary General

● *The Executive Committee of the ENOCs* met at Frankfurt am Main (GER) on 12th and 13th December 1977 when it examined the proposals presented at the General Assembly in Vaduz (LIE). Various proposals will be studied in depth for submission to *the General Assembly at Sofia (BUL)* in June, the agenda of which will include the following points :

- relations and cooperation between the ENOCs and governmental sports organisations ;
- the Olympic idea and its significance in today's sports world ;
- reports from the five working groups ;
- report on the 1981 Olympic Congress ;
- conclusions of the questionnaires concerning the ENOCs' multilateral relations;
- Olympic Solidarity.

The Moscow and Lake Placid Organising Committees have been invited to present reports on work progress ; the Bulgarian Olympic Committee may present a report on the development of sport and physical education in Bulgaria; and we have invited a well-known former sportsman to give a talk.

We should like to thank the German Olympic Committee for its collaboration in the organisation of these two days and for the dinner which concluded the meetings. The next meeting of the Executive Board will take place on 18th and 19th March 1978 at Sofia (BUL).

J.W.
