Peter V. Ueberroth, Man of the Year, 1984. " Time Magazine", the prestigious American weekly, conferred this honour on the President of the LAOOC, and not without reason after the tremendous success of the organisation of the games of the XXIIIrd Olympiad in Los Angeles this summer and their superb implementation. The impact of this success is not registered to the United States, but will be felt worldwide. This honour, which underlines the significance of the Olympic Games is shared by the entire Olympic Movement
