
95th IOC SESSION, ALREADY BEING TALKED ABOUT

The meeting place of the IOC members for their 95th Session has already been fixed. It will be in San Juan, Puerto Rico in 1989. Let us recall that in 1979, Puerto Rico hosted the meeting of the IOC Executive Board with the NOC delegates. In connection with this important event for the NOC, which has been a member of the Olympic family since 1958, its President Mr. German Rieckehoff, IOC member, visited President Samaranch at the Chateau de Vidy. In the course of their discussions, a number of guidelines emerged for the definition of the future programme of the Session. Mr. Rieckehoff made the most of his short stay in Lausanne to visit the site of the new IOC administrative headquarters and the Villa de Preux, in the gardens of which the future Olympic Museum will be erected in a few years' time.
