### AN OLYMPIC PLAZA

**O**CO'88 has announced the allocation of \$2.6 million for the creation of an Olympic Plaza.

The design includes ice-making equipment for conversion of a planned pond to a skating rink as well as a covered canopy, upgraded lighting system and an expanded fountain/water feature.

These features will promote both summer and winter use and the Plaza will become a popular public gathering place. During the XVth Olympic Winter Games, the Plaza will be used for a variety of public events, including medal ceremonies. Up to 10,000 people will participate in the Olympic experience at the Plaza each evening during the Games.
