

FINISHING POST - SEOUL 1988

A very precise schedule has already been worked out to ensure that the IOC members will be able to make a fully informed choice. Early in February 1987, the NOCs will receive a letter inviting them to submit bids before 15th April 1987. In June, the IOC will send out documents and questionnaires to be filled in by the candidature committees before 1st February 1988. At that stage, the commission of enquiry set up by the IOC will start its round of visits to all candidate cities. The IOC members' choice will be made in Seoul during the 94th Session, which will precede the opening of the Games of the XXIVth Olympiad.
