MIZUNO[®]
THE WORLD OF SPORTS

mizuno shoes

MIZUNO shoes broke the world record, again.

At the World Championships in Tokyo on August 25, 1991, Carl Lewis broke the world record in the Men's 100-meter Dash Final with an incredible 9.86 seconds. We are proud and honoured to say that he wore MIZUNO shoes in establishing this new world track record. MIZUNO is confident that this is only a beginning of a long and successful partnership with the world's fastest runner. Next goal—the Barcelona Olympic Game, where Carl Lewis will once again rewrite the world record with his God given talent, personal hard work and MIZUNO shoes.

A part of Carl Lewis
on the Barcelona track,
