### ALL THE DATA FROM LILLEHAMMER

Thanks to the latest work by **Nikolay Gueorguiev** of the Olympic research department : **The programme, participation and medals of the XVII Olympic Winter Games**, we have an opusculé containing a wealth of information on these XVII Olympic Winter Games. We have made use of some of the details regarding participation, which is covered exhaustively in this work. It features, in particular, the number of participating NOCs per continent and the number of athletes per sport and per NOC, which lack of space prevents us from reproducing here. There are also numerous details about the Olympic programme, a presentation of the competition venues and a long chapter on the medals. **A photocopy of this work can be obtained for SFr.15 by writing to the IOC secretariat, Olympic House, 1007 Lausanne.
