

FORUM ON SPORT, ENVIRONMENT AND DEVELOPEMENT

The Municipality of Lillehammer, host city of the XVII Winter Olympic Games in 1994, will organize from 11 to 14 February 1996, in cooperation with the IOC and the United Nations Environment Programme (UNEP), a forum on sport, environment and development. This conference, whose participants include representatives of the Norwegian government, the Olympic Movement, industry and non-governmental environmental organizations, will address several issues concerning the relations between the sports world and the environment. Related seminars will be held to discuss the state of the art, environmental technology, to dis-

cuss past experience and provide concrete examples of coordination.
