

13  
FORTHCOMING CONFERENCES

National Association of Gambling Studies

The inaugural NAGS conference is being organized by a committee drawn from Griffith University and key representatives in each state. It will be held at Griffith University from Wednesday 10 July to Friday 12 July, 1985.

The Conference will be organized into symposia, papers and panel discussions. Topics will include:

gambling research - problems and strategies  
gambling and the community  
gambling and the individual  
professional gamblers  
gambling policies and revenues  
gambling and crime  
marketing, management and betting strategies  
gambling and the future
