### Learn and Earn At Home In Spare Time

With 30,000 moving picture theatres in existence, changing their program **every day**, the demand for **NEW PLOTS** has become **tremendous**. We want a large number of men and women, **all over the country**, young and old, to use their spare time at home to put their ideas and thoughts into photoplay form. This means **you**, whoever you are. Good prices are paid. "Happy thoughts," such as may occur to you several times a week, may bring from \$10 to \$100 each for a few hours' work. The average price paid is \$25.

### Special Education Not Necessary

The booklet, "How to Write Photoplays," explains how you can learn this new, fascinating and profitable profession. I will gladly send you a copy **FREE**, if you will sign, tear out and mail me the coupon below. There is no obligation. Special education is not necessary. Writing photoplays gives those who lack the literary experience necessary for writing novels and stage plays, an opportunity to express the **strong and original ideas** which many of them possess. It is possible that a photoplay written by you will become one of the photoplay sensations of the year. If you possess imagination and are capable of thinking up new and original ideas, I will show you how to turn these ideas into correct photoplay form and how to sell them at a good price to the Scenario Editors of the producing companies. I myself have been Scenario Editor of one of the largest of these companies and I speak with authority.

<b>Attorney</b> .....	<b>Mr. American Fan</b>
<b>The Jury</b> .....	<b>Everybody, Everywhere</b>
<b>The Witness</b> .....	<b>THE MAN WITH THE BASEBALL BRAIN</b>

Examination conducted by Mr. American Fan.

Q. State your name.  
 A. The Man With The Baseball Brain.  
 Q. What do you know about baseball?  
 A. Everything.  
 Q. Can you tell the jury how many unassisted triple plays have been made in baseball?  
 A. I can.  
 Q. Tell them.  
 A. Eighteen.  
 Q. How many times was Chicago at bat in 1905?  
 A. 5,108.  
 Q. How many errors did Cincinnati make in 1913?  
 A. 251.  
 Q. What players made up Philadelphia Nationals in 1903, and who was manager?  
 A. Manager, Charles Zimmer. Players: Dugleby, Fraser, Burchell, McFethbridge, McLaughlin, Mitchell, Sparks, Williams, Washburn—all pitchers. Dooin, Zimmer, Roth, catchers. Douglas, Hallman, Wolverton—

Q. That will be enough. How many big league games did Philadelphia play in 1907, and how many putouts, assists and errors did they have in the games played?

A. 147 games; 3,887 putouts; 1,875 assists; 250 errors.

Q. How many men played on the Philadelphia Athletics their first year?

A. 22.

Q. What year was it?

A. 1901.

Q. How many games did they play that year, how many were won and lost, what was their percentage at the close of the season, and what position did they occupy in the league?

A. Games, 136; won, 73; lost, 63; percentage, .544, and they finished fourth.

Q. How many games and years has Cleveland played in the American league?

A. 13 years; 1,074 games.

Q. State the grand total of their batting record during that time against all opponents.

CONTINUED ON NEXT PAGE

# The Man with the Baseball Brain on Trial

CONTINUED

A. Cleveland went to bat 10,344 times; made 17,408 hits and 8,406 runs, for a grand average at bat for the 13 years against all teams of .264.

Q. What was their fielding record for the same period?

A. In 1,074 games they had 52,606 putouts, 20,481 assists and 2,518 errors. Their fielding average for the 13 years is .936.

Q. How many hits and stolen bases can one team make against another and still not score?

A. Two triples, a double, a single, two stolen bases, then two more triples.

Q. You are sure of that?

A. Absolutely.

Q. What, when and where was the largest official attendance at a major league ball game?

A. October 14th, 1911; New York Giants versus Philadelphia Athletics; world's championship; 38,281.

Q. And in a minor league?

A. Columbus, Ohio, September 1st, 1907; Columbus versus Toledo; 20,531.

Q. What pitcher holds the major league strikeout record?

A. That depends.

Q. On what? Isn't Walter Johnson the holder of the world's strikeout record for a league season?

A. No, sir; Johnson is not. It depends on the number of games in a season and the number of strikes allowed the batter.

Q. Well, who is, then?

A. In 1884 Matt Kilroy, of the Baltimore team, struck out 505 men in 65 games. In 1904 Rube Waddell struck out 343 men in 46 games. In 1913 Walter Johnson struck out 313 men in 65 games, but in many of these he was a relief pitcher. Waddell in his work fanned 50 more men than Johnson and only pitched three more innings.

Q. Who holds the strikeout record for one game in a major league?

A. Charlie Sweeney, with Providence, once fanned 19 men of the Boston players in one game. Hugh Dailey, in the major leagues, fanned 20 of the Boston Unions while pitching for the Chicago Unions. Yet neither of these men holds the record for one game.

Q. Who does?

A. On June 7, 1887, Toad Ramsey, of Louisville, in the American association, fanned 17 Cleveland batters. But this was under the four-strike rule, equalling at least 22 batters with the three-strike rule. Therefore the record goes to Ramsey.

Q. Can you give the largest number of consecutive home runs made in one inning in a major league game?

A. Yes. August 22, 1910, Pittsburgh team sent up Camnitz, Campbell and Clarke, who each consecutively hit a home run in one inning. Brooklyn did it to Chicago on—

Q. Never mind!

A. And Cleveland did it—

Q. Never mind, I said. Can you state the largest number of games played in professional baseball in one day?

A. Six.

Mr. Fan—That will be all from this witness. (Addressing court.) Judge Reader, I am of the opinion—Oh, just a moment, Mr. Witness—one more question. How much more do you know about baseball?

Witness—More than I could tell you in five years—all that I have gathered in thirty-two years.

Mr. Fan—Can this information be procured anywhere else?

Witness—Yes, in BALLDOM, a book I wrote. I call it "The Britannica of Baseball."

Mr. Fan (to Judge Reader)—I think this fellow is telling the truth. What shall we do with the jury?

Judge Reader—I sentence the jury to get a copy of BALLDOM.

Send us \$1.00 to-day for a copy of BALLDOM, the Britannica of Baseball, which contains all the information printed above and thousands of other records. You cannot ask a question about baseball for the last 25 years that BALLDOM does not answer.

Every baseball writer and player says BALLDOM is the greatest book ever published on baseball.

*The Editor of the Baseball Magazine says:*

BALLDOM, THE BRITANNICA OF BASEBALL, by Geo. L. Moreland, is one of the most complete and exhaustive records of the national game ever published. Every important fact, every incident of moment, in the history of baseball is accurately treated in this little volume.

Mr. Moreland, for years one of the leading statisticians in the game, has here compressed the experience and knowledge of a lifetime of research into 300 pages. Mr. Moreland makes no mistake in calling this volume a complete history of the National and American Leagues. It is a history of facts, figures, and statistics, many of them hitherto unpublished, a truly invaluable mine of information to the well informed fan. Of special interest are the record feats of famous players, as well as those records long accepted as such which Mr. Moreland shows conclusively were no records at all. In a word, this little volume is entitled to rank as a baseball masterpiece.

"NATIONAL HERO SERIES" NO. 3

## Kosciusko—"The Greatest of the Poles"

**N**EVER in the history of mankind has there lived a more ardent lover of Personal and National Liberty. He fought with intrepid valor under our own Washington for American Liberty. He devoted his life to regain the ancient freedom of his beloved Poland. Kosciusko hated any legislative attempt which invaded the Natural Rights of Man. If he were alive to-day, every son of Poland knows that he would revolt at any LAW which declared: "Thou shalt NOT eat this—thou shalt NOT drink that." Kosciusko knew that the light wines of his native land and the barley brews of Germany were good for mankind when used in moderation. He drank them himself to the end of his honored days, and who will DARE say that they in any way injured this mighty personality. For 57 years Anheuser-Busch have honestly brewed honest beers. Their great brand—BUDWEISER—is sold throughout the world, and has helped the cause of true Temperance. Seven thousand, five hundred men are daily required to keep pace with the natural demand of Americans for BUDWEISER. Its sales exceed any other beer by millions of bottles. ANHEUSER-BUSCH · ST. Try It At Our Risk—Mail Coupon To-Day

This Man Is Growing Hair—"Crystolis" Is  
Just the Thing for Such Cases.

In Europe "Crystolis," the new English Hair Grower, has been called the most wonderful discovery of the century.

The judges of the Brussels and Paris Expositions enthusiastically awarded gold medals to this marvelous hair grower.

Already since we secured the American rights hundreds of men and women have written telling of the phenomenal results obtained by its use. People who have been bald for years tell how they now glory in beautiful hair. Many report new hair growth in 30 days or less. Others who have had dandruff all their lives say they have got a clean healthy scalp after a few applications of this wonderful treatment.

We do not care whether you are bothered with falling hair, prematurely gray hair, matted hair, brittle hair or stringy hair; dandruff, itching scalp, or any or all forms of hair trouble, we want you to try "CRYSTOLIS" at our risk.

We give you a binding guarantee without any "strings" or red tape, that it won't cost you a cent if we do not prove to you that "Crystolis" will do all we claim for it, and, what's important, we have plenty of money to back our guarantee. \$1000 has been deposited in our local bank in a special fund to be forfeited if we fail to comply with this contract. # Popular Educational Food Campaign

## Practical Classification of Foods

*Food classifiable into:*

Strong, healthy laborers, when deprived of the muscle foods, i. e., cereals or starchy foods, are quickly incapacitated for their usual work.

Middle-aged brain-workers, without reserve energy, when deprived of the stimulative brainy foods, i. e., meat, game, poultry, dairy foods, are quickly incapacitated for their usual work. Also note the mental deficiency among so many of the very poor where virtually only starchy foods, such as bread and potatoes, are eaten.

## Correct Proportions for YOU

The same proportion of brainy to muscle foods that would be ideal for the lawyer would be wholly inappropriate for the blacksmith.

There is an ideal food system for every individual and violation of that system is the cause of disease, inefficiency, and premature death to that individual. Learn your ideal system for eating and you have the key to health and efficiency.

## Mother's Grave Responsibility

Mothers hold the welfare of the family in their hands. All the responsibilities in the world are of less value than a knowledge of the principles which underlie the selection, combination, and proportion of foods. One mother writes: "I am practicing the New Diet System in my family with very good results, having almost completely cured my husband of chronic appendicitis."

## Pregnancy

Another mother writes: "I had a remarkably quick childbirth. The doctor said, 'Mrs. —, did you try a diet with this child?' You mention later she wrote: 'He has never had a sick hour. He is the best developed of our three children.'"

## The Housewife's Dilemma

To please the palate and to supply the correct nutriment to the housewife's dilemma. If the laws like eggs, they are given sugar without stint, and yet there is hardly any more risky food. And as for some spices and sauces, etc., the less used and seen of them the better. We all know the connection between stimulating or indigestible food and our liver or, worse yet, nervous weakness. If wives realized that, as the heads of the eating department of the household, they are the principal cause of the abnormal nervousness of their husbands as well as of their boys and girls, I feel that they would never rest until they had solved this question of diet to the bottom.

## Digestible Brainy Diet

Eggs in wrong combination and an excess of starchy (paste making) and fatty foods make people sluggish and cause dull, splitting headaches, lack of memory and concentration, dizziness and vertigo. A complete change to "digestible" brainy foods (milk, whole meat, game, fish and suitable dairy foods, combined with suitable vegetables and fruits according to the new brainy food plan) produces the most marked improvements in a few weeks.

A case of kidney and bladder trouble of ten years' standing was cured from a surgical operation, and the objectionable microscope relieved within ten days, because the use of control was due entirely to the constant withdrawal from certain irritating foods and drinks.

Another person, deaf in the right ear, owing to a discharge

caused by an excess of muscle-making foods (cereals, butter, cheese, etc.), completely diminished the catarrh, thereby restoring his hearing by taking correct combinations of suitable foods.

## Aged People the Best Test

Death does not come to an aged person because he is "senescent" or "senile." But it is because, through injudicious diet, indigestion and other foreign matter have been slowly accumulating the lining of the arteries until, in the aged person, a sufficient supply of blood cannot get through to do the repair work. Understood that an absolutely correct diet would not permit the deposit of this matter — and you see the wonderful possibilities in it for long life.

(Dr. R., a retired physician, 81 years): "Can you see my hand that was partially paralyzed. Can you walk straight now and have much more energy?"

Mr. F. C., 70 years, Proprietor of Department Store, writes: "As I improved in every respect at 70 years of age, I think there is good prospect for any one else. I was dropped and rheumatic, have lost over 40 pounds of superfluous weight in two months, lost my first-stomach and have returned to business, something I never expected in the season."

Mrs. C. K. writes that she is 82 years and had used calisthenics and massage for 50 years. "No more headaches since adopting the Brainy Diet system the last six months and that is wonderful, when I had a headache almost every day previously. Constipation is removed, I sleep well and my appetite is good."

Mr. R. L., 68 years, Proprietor of Lumber Works, writes: "Enforced bed picture of fish which I treated for three weeks to catch. I climbed down rocks 75 feet above water. You have three months ago I was pretty bad, could hardly walk, had an attack of an account of vertigo. The severe vertigo in my arm and the rheumatism was too initial for sleep. Absolutely free from all pains now and it is owing to the Brainy Diet system that I am alive."

## Young People Increase Their Income

Mr. T. L., age 22, clerk, who suffered from cough and had a weak, hoarse voice, writes: "Voice improved almost as a bell. Have treated government position and am now making four times as much traveling, something I had the ambition but not the energy to do before. Have fattened up 25 pounds in two months."

## Personal Experience

During thirteen years of personal experiments, I have learned to produce in myself rheumatism, catarrh, sore throat, tonsillitis, constipation, double chin, swollen glands, kidney troubles, shortness of breath, rough scaly skin, dandruff, sores, boils, pimples with white pus, blackheads, rash, and other symptoms at will by eating of different classes of foods in excess for several days or weeks according to the symptoms desired. AND I CAN RESTORE MYSELF TO GOOD HEALTH IN A FEW DAYS BY CORRECT DIET. The foods which cause hyperacidity, catarrh, cough, constipation, tumors, etc., are specified in my booklet which has taught many to cure themselves.

You can develop to a marvelous degree any mental or dramatic talent you may have. You can increase your idiosyncratic or clairvoyant powers. You can give thrilling and funny hypnotic entertainments. You can win the love and everlasting friendship of those you desire. You can protect yourself against the influence of others. You can become a financial success and be recognized as a power in your community.

# THIN FOR YEARS

## "GAINS 22 POUNDS IN 23 DAYS"

"I was all run down to the very bottom," writes P. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put just 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

"I weighed 132 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and J. Meier adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from 150 to 170 pounds."

When hundreds of men and women—and there are hundreds, with more coming every day—living in every nook and corner of this broad land voluntarily testify to weight increases ranging all the way from 10 to 35 pounds, given them by Sargol, you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight," but when someone suggests a way they exclaim, "Not a chance. Nothing will make me plump. I'm built to stay thin." Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to pleasing and normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is absolutely harmless. It is a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh producing ingredients. It prepares these fat making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs do not. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case will surely prove whether or not this is true of you. Isn't it worth trying?

### 50c BOX FREE

To enable any thin reader, ten pounds or more underweight, to easily make this test, we will give a 50c. box of Sargol absolutely free. Either Sargol will increase your weight or it won't, and the only way to know is to try it. Send for this Free Test Package to-day, enclosing 10c. in silver or stamps to help pay postage, packing, etc., and a full size 50c. package will be sent by return mail free of charge. Mail this coupon with your letter to the Sargol Co., 530-W, Herald Bldg., Binghamton, N. Y.

If you want a beautiful and well rounded figure of symmetrical proportions, if you want to gain some solid pounds of healthy "stay there" flesh, if you want to increase your weight to normal—weigh what you should weigh—accept this Free 50c. Package to-day.

### COME, EAT WITH US AT OUR EXPENSE

This coupon entitles any person to one 50c. package of Sargol, the concentrated Flesh Builder (provided you have never tried it), and that 10c. is enclosed to cover postage, packing, etc. Read our advertisement printed above, and then put 10c. in silver in letter to-day, with coupon and the full 50c. package will be sent to you by return post.
