

# MEMBERS' FORUM

---

The editors intend introducing a forum section to the *Journal of Olympic History* in which members can ask for assistance with their research. This could be in general terms such as:

“I am working on the economic effects of the 1912 Olympiad. Could anyone suggest possible source material?” Or: “Has anyone any information on the Olympic stamps issued for the 1984 Games?”

Or even very specific questions could be raised, such as: “What is the birth date of Sebastian Coe?”

“Who was captain of the winning tug of war team in 1908?”

Queries for the MEMBERS FORUM should be sent to:
