

OBITUARIES

New Policy

With a telephone call from Ove Karlsson, Stockholm, Sweden, the editor was requested to inform the readers from the “Journal of Olympic History” that he (Karlsson) already received several reactions on the list with obituaries that was published in the Summer 1997 issue. Karlsson wants to emphasize that he will certainly mention all new obituaries obtained, but he will publish that new list only once a year, in the Summer 1998 issue of the Journal. This decision is in complete accordance with the editor.
