

Winner of the North American Society for Sport History
Book Award, 2003!

**SELLING
THE FIVE
RINGS**

*The International Olympic Committee
and the Rise of Olympic Commercialism*

Robert K. Barney
Stephen R. Wenn
Scott G. Martyn

Cloth \$35.00

“Must reading for anyone interested in the changing face of the Olympic movement or competitive sports in general . . . [a] beautifully written book.”
—*Choice*

“The most comprehensive account of modern Olympism to date. . . . the most authoritative account of the Olympic Games’ formative first century.”
—*Sport History Review*

“Historians of the next generation will see in this text the definitive exposition of the International Olympic Committee’s remarkable and recent multibillion dollar success story. The authors have written one of the most important Olympic Games books in the past quarter century, and the single most important text on the IOC, the games, and fiscal matters.”

—John Lucas, Pennsylvania State University
