

# Time and Site Suggestions

All viable, national professional organizations plan ahead. NASSH leadership has been sensitive to this futurist look from the inception of the society. One area that may not have kept pace in this regard is "time and site." We have been extremely fortunate in our choice of cities and university locations (Columbus; London, Ontario; Boston; Eugene); this in spite of planning only one year at a time. Our 1977 time and site has been firmly established (Windsor, Ontario, May 18-21), while our 1978 site will be in San Diego, California. What we now need is some real planning and suggestions from the membership regarding times, sites, and program format for 1979, 1980, and past. Please **submit** your suggestions to John Lucas, chairman of "Time and Site." They will all be given the most careful consideration. Lucas' address is: 101 White Building, Penn State University, University Park, PA 16802.
