

# Membership Committee Emphasizes Institutions

The Membership Committee received a charge by the NASSH council to promote institutional membership in our Society. The Committee is chaired by Maxine Grace of Penn State University-Mont Alto; with Canadian representation by Lorne Sawula of University of B.C., and European representation by Horst Ueberhorst of West Germany. One of the plans is to send copies of the *Journal of Sport History* to 500 libraries asking that they begin membership in NASSH. Individual members of NASSH could help in this promotion by checking to *see* if their library receives *the Journal*, and if not, asking that they begin to do so.
