
Royalties to NASSH

The North American Society for Sport History has been fortunate to be the recipient of about \$500 in royalty fees from the book edited by Earle F. Ziegler titled: A HISTORY OF PHYSICAL EDUCATION AND SPORT IN THE UNITED STATES AND CANADA. It was published in 1975 by Stipes Publishing Company, Champaign, Illinois, 61820. A significant portion of the royalty fees are turned over to the NASSH treasury. Members of NASSH might consider the effect that purchase of this book will have on the financial situation of the Society. In the future NASSH members might consider having a portion of royalty fees of future publications turned over to the North American Society for Sport History.
