

# President's Report

During the year the president performed the duties assigned to the president. She appointed committee chairpersons and members, and, with the concurrence of the chair, terminated the Film and Audio-visual committee.

With deep regret the president accepted Mike Salter's resignation from the Council.

With pleasure she approved Bruce Bennett to represent NASSH officially at the ceremony dedicating the Providence Recreation Center (Arlington, Virginia) to Edwin Bancroft Henderson.

On a personal note, everyone I approached either to serve on a committee or assist NASSH in some capacity willingly and graciously accepted the invitation. I wish to thank all NASSH members for their cooperation and especially to express my appreciation to Ron Smith. NASSH could not survive without the dedication of the Smiths.

Respectfully submitted,

Betty Spears  
President
