

# Time and Site Committee Report

Since the publication of last year's Committee Report, the Time and Site Committee has worked with the Executive Council to secure confirmed locations for the 1984, 1985, and 1986 conferences. The Committee has also elicited expressions of interest from those who might host the 1987 and 1988 conferences. Finally, the Committee drew up standardized forms for a proposal to host a conference and for an agreement between NASSH and the host institution. In addition, we developed a checklist for conference managers, and won approval of allowances (if needed) for conference managers for postage and publicity.

Future sites and prospects are listed below:

<b>Year</b>	<b>Location</b>
1984	Louisville, Kentucky
1985	Lacrosse, Wisconsin
1986	Vancouver, B.C.
