BASEBALL.

THE American Association race for the pennant is fully as interesting as that for the League pennant, with this difference, that up to August 1 four clubs were in the American race, with a chance for each to reach the goal, while there were only three in the League race similarly situated. What the metropolitan patrons of the game most desire to see is the success of New York in the League race, and that of Brooklyn in the American. Their wishes are likely to be gratified.

The month of July saw several important changes made in the make-up of the teams, in the selection of managers. The result was improved work by Cleveland and Louisville, while Baltimore fell off badly; Brooklyn and St. Louis did not advance as much as expected, while both Cincinnati and the Athletics improved their positions in the race. We append the month' record for July, in order to show how the changes worked in each week's advance during the month, as shown by the games won and lost each week.

THE JULY RECORD.

CLUBS.	1st Week.		2d Week.		3d Week.		4th Week.		5th Week.		TOTALS.		
	Won.	Lost.	Won.	Lost.	Won.	Lost.	Won.	Lost.	Won.	Lost.	Won.	Lost.	Play-ed.
Cincinnati . . . .	3	3	4	1	4	1	4	1	1	1	16	7	23
St. Louis . . . . .	2	4	2	3	1	4	1	1	1	2	15	12	27
Louisville . . . . .	4	2	4	1	1	4	3	3	1	1	13	10	23
Brooklyn . . . . .	4	2	3	3	2	3	2	2	1	1	12	11	23
Athletic . . . . .	3	3	1	4	3	3	2	2	0	1	12	11	23
Cleveland . . . . .	2	4	3	3	4	2	3	3	2	1	12	13	25
Baltimore . . . . .	2	4	3	3	3	3	1	1	1	1	9	17	26
Kansas City . . . .	4	2	3	3	3	1	1	1	0	2	9	17	26
Totals . . . . .	24	24	21	21	23	23	21	21	9	9	98	98	

It will be seen that Cincinnati made quite a rally during July, as did Louisville, while St. Louis and Brooklyn did little more than to hold their own. The Athletics and Cleverlands also made an advance. At the end of July, the record left the eight clubs

occupying the following relative positions in the pennant race:

CLUBS.	Won.	Lost.	Played.	Percentage of victories.	CLUBS.	Won.	Lost.	Played.	Percentage of victories.
	St. Louis . . . . .	50	27			77	.650	Baltimore . . . .	
Brooklyn . . . . .	51	29	80	.637	Louisville . . . .	29	44	77	.377
Cincinnati . . . .	48	29	77	.624	Cleveland . . . .	29	48	77	.377
Athletic . . . . .	45	30	75	.600	Kansas City . . .	22	53	75	.293

The race unquestionably lies between the four leading teams named above, and the final issue bids fair to be between Brooklyn and Philadelphia.

THERE was a startling change made in the relative positions of the eight contestants in the League pennant race during July, and one which was gratifying to New Yorkers. The end of June had seen the eight clubs occupying the following relative positions:

CLUBS.	Won.	Lost.	Played.	Percentage of victories.	CLUBS.	Won.	Lost.	Played.	Percentage of victories.
	Chicago . . . . .	33	17			52	.673	Philadelphia . .	
Detroit . . . . .	33	19	52	.635	Pittsburgh . . . .	32	49	81	.347
Boston . . . . .	32	24	56	.571	Indianapolis . . .	17	34	51	.333
New York . . . . .	30	23	53	.366	Washington . . .	17	35	52	.327

By the end of July New York had passed Boston and Chicago, and had tied Detroit for first place, after Detroit had taken the lead from Chicago, the latter being sent down to third position, while Boston and Philadelphia were struggling for fifth place. The monthly record for July presents such interesting figures that we give the month's record in full, as follows:

THE JULY RECORD.

CLUBS.	1st Week.		2d Week.		3d Week.		4th Week.		5th Week.		TOTALS.		
	Won.	Lost.	Won.	Lost.	Won.	Lost.	Won.	Lost.	Won.	Lost.	Play-ed.	Won.	Lost.
New York . . . . .	4	1	3	2	4	1	6	0	1	1	18	3	13
Detroit . . . . .	3	3	3	1	4	2	4	2	0	2	14	10	24
Pittsburgh . . . . .	3	3	3	3	2	4	2	0	0	1	13	9	22
Indianapolis . . . .	3	3	3	3	3	3	3	3	2	0	13	11	24
Washington . . . . .	3	3	3	3	3	3	4	1	0	1	10	14	23
Chicago . . . . .	3	3	3	3	4	4	1	0	5	0	9	15	24
Philadelphia . . . .	4	2	3	3	3	3	5	0	2	0	9	15	24
Boston . . . . .	3	3	1	4	1	4	1	4	0	2	5	17	22
Totals . . . . .	21	21	21	21	21	21	23	23	7	7	93	93	

The record, showing the relative positions of the eight teams in the pennant race up to August 1st, is as follows:

CLUBS.	Won.	Lost.	Played.	Per cent. of victories.	CLUBS.	Won.	Lost.	Played.	Per cent. of victories.
	New York . . . . .	48	28			76	.632	Philadelphia . . .	
Detroit . . . . .	47	29	76	.618	Pittsburgh . . . .	30	40	70	.429
Chicago . . . . .	45	31	76	.592	Indianapolis . . .	30	45	75	.400
Boston . . . . .	37	41	78	.474	Washington . . . .	28	47	75	.373

The race lies between New York, Detroit, and Chicago, for both Boston and Philadelphia may be said to be outsiders, while Pittsburgh, Indianapolis, and Washington are the tailenders. The falling off in Chicago and Boston during July was fatal to their

hopes of success, while the change of base made by New York, in giving the control of the team to one man, led to their taking a winning lead in the race in July. It is now a nip-and-tuck contest for the pennant between the three clubs which were in the van on August 1st.

## CANOEING.

THE Pequot Canoe Association had its Second Annual Encampment at Chemoan's Island, Norwalk, Long Island Sound. It commenced July 16, and ended July 29, and proved a very successful event.

THE first regatta this season of the Newburgh Canoe and Boating Association was held on the Hudson, July 14. The result of the contests was as follows:

Canoe Sailing Race—Three and a half miles. Won by H. P. Marstel in the canoe *Whim*. Time, 1h. 28m. 36s.

Sailing Race for Boats—Three and a half miles. Won by Fred and Harvey Bartlett in the *Scylla*. Time, 1h. 28m. 39s.

THE annual meet of the American Canoe Association commenced at Lake George, August 10th, and continued to the 24th.

## CRICKET.

THE Brooklyn cricket clubs met with defeat from their New York opponents, at the Central Park, July 14. The Cosmopolitan beat the Kings County Club by a score of 39 to 27, and the Albions, of Brooklyn, were defeated by the Amateur League by 56 to 105.

THE *London Standard*, in a recent issue, thus discourses on the present champion of English lawn tennis, and how Ernest Renshaw won the title from H. F. Lawford:

"The gentleman's single-handed championship was brought to a conclusion on the grounds of the All England Lawn Tennis Club. Renshaw secured the first game by four strokes to two, obtaining the next after deuce had been called twice. The third game also reached deuce twice, and was won by Renshaw, Lawford losing two strokes by twice serving two faults. The fourth game was won by Lawford after one call of deuce, but in the fifth he managed to obtain one stroke only. Renshaw did no better in the sixth, but then led off in the succeeding games with four strokes to two, five strokes to three, four strokes to one.

"Of the twelve games in the second set two only reached deuce. Lawford secured the first two games with ease, Renshaw making one stroke in each. Renshaw won the third with a single stroke to Lawford's credit, and Lawford took the fourth after Renshaw had made two strokes. Again Renshaw secured a game by four strokes to one, and then his opponent followed with a four strokes to two win. Deuce was called five times in the seventh game, which Renshaw added to his credit. With four strokes to two Lawford won the eighth, leaving Renshaw to complete the set by the succeeding four games at four strokes to two, five to three, four to love, four to one, Renshaw served two faults in both the first and third games of this set, Lawford two faults in the fourth game.

"The third was decidedly tame, Renshaw winning six games to love. With a love game to start with, he only allowed his opponent one stroke in the second game, two in the third, one in the fourth, one in the fifth, and won the set and the championship by securing the last game after deuce had been called twice.

"Although Ernest Renshaw has thus won the championship for the ear, his play cannot be said to quite equal that of his brother in his best days; and it is possible that another season, with more practice, W. Renshaw may again hold the title and display all his old skill and ability. Lawford is thirty-seven years of age, and ten years the senior of the twin brothers Renshaw. The sodden state of the turn interfered with both the competitors, who slipped up more than once, and had to exercise

extreme caution in running up to the net and across the court."

THE invitation tournament given by the Rockaway Hunting Club was brought to a close July 20, at Cedarhurst, with one of the finest matches of the season. Mr. H. W. Slocum, Jr., and H. A. Taylor met in the finals. Quarter of five the playing began, and at dusk each had won two sets. The last set became eight all, and as each man was winning his service the match was decided by a toss by mutual agreement. Slocum won the toss. The playing throughout was close. Score, 6 4, 7 9, 5 7, 9 7, 8 8. The entries for the ladies' doubles, though few, were made up of some of the best lady players, and the matches were an interesting feature of the day. The following is the score: First round, Miss Smallwood, Astoria T. C., and Miss Lente, Rockaway Club, beat Miss Smith, Far and Near T. C., and Mrs. Babbitt, Clifton T. C., 6 1, 6 3. In the second game the Blues had better luck, and the goal was made for their side by Mr. Winthrop. Time, 3m. 30s.

The third game was rushed through in short order. The Blues, though flushed with victory, failed to score for their colors this time, and Messrs. Thorn and Hitchcock made the goal for the Yellows. Time, 1m.

The fourth game gave a display of some fine team play on the part of the Yellows, who won the victory through a stroke by Mr. Sands, who sent the ball flying between the flags. Time, 1m.

The fifth game was short, sharp and decisive, and resulted in a victory for the Yellows. Time, 30s.

The sixth game was won in splendid style by the Yellows, Mr. Thorn, near the close, taking the hall from the centre with three consecutive blows between the flags. Time, 2m. 30s.

The seventh game was stubbornly fought throughout. Mr. Mortimer dealt the final blow, which scored victory for the Blues. Time, 11m. 45s.

THE Executive Committee National Association Amateur Oarsmen met at Sunbury, Pa., July 17. H. W. Garfield presided. The application of James

E. Flaherty, Portland, Me., to be reinstated as an amateur was refused. The treasurer reported a balance of \$135.97. The election of officers for the year resulted in making H. W. Garfield president, C. J. Petersen vice-president, H. K. Hinchman treasurer, and W. Howard Gibson secretary.

At the annual meeting, July 7, of the Minnesota and Winnipeg Rowing Association, the following officers were elected for 1888-9: President, Dr. A. McLaren, Minnesota B. C.; vice-president, C. E. Wheeler, Lurline B. C.; secretary and treasurer, H. W. Commons, Lurline B. C.; commodore, W. S. Getty, Minnesota B. C.; vice-commodore, R. J. Grover, St. Paul B. C.; ensign, B. F. Myers, Duluth B. C. Executive committee: G. F. Galt and P. L. Patton, Winnipeg; Dr. C. E. Bean and R. J. Grover, St. Paul; C. E. Wheeler and H. W. Commons, Lurline; M. J. Boyle and A. McLaren, Minnesota; A. H. Diehle and W. C. Sargent, Duluth. C. E. Wheeler, Lurline B. C. and W. B. Silvey, Duluth, were added to the status committee; and a committee of arrangements, W. E. Bramhall, C. E. Wheeler, and H. W. Pearson, were appointed to make arrangements for the next annual regatta.

THE annual regatta of the National Association of Amateur Oarsmen was held on the Susquehanna River, at Sunbury, Pa., July 19 and 20. Crowds witnessed the contests. The water the first day was lumpy, and on the second was as smooth as a mill-pond. Chas. G. Peterson, of New York, was referee. Distance, one mile and a half.

#### FIRST DAY.

The first heat junior singles was between H. H. Seaton, Excelsior Club, Paterson, N. J.; Lee Covett, Columbia Club, Allegheny, Pa., and G. D. Strickland, Don Amateur Club, Toronto. Strickland first, time 13m. 21s.; Seaton second, 13m. 30s.; Covett third, 13m. 49s.

The first heat senior singles resulted as follows: Donohue, Hamilton, Ont., first, time 12m. 18s.; Ryan, of Toronto, second, 12m. 32s. Pilkington, Metropolitan Club, of New York City, dropped out at the half mile, and Mulcahy, of Albany, N. Y., dropped out at the end of the first mile.

In the second trial heat of the junior singles there were three entries: Shea, Don Amateur Club, of Toronto; Gugert Cohoes N. Y., and J. J. Berry, Newark, N. J. Berry dropped out before the finish. Shea won in 12m. 54s.; Gugerty's time, 13m. 53s.

In the second trial heat of the senior singles Psotta, of the Cornell navy, won with ease in 13m. 4s.; Jerry Donohue, of Hamilton, and Geofert, of the Metropolitan of New York, came along side by side near the finish, but Geofert made a spurt and led Donohue for second place.

#### SECOND DAY.

The river was like glass. Commodore Peterson called out the contestants on time. When the double-sculls were called, the Metropolitans, of New York, appeared without William Geofert, the bow. The chances of the Metropolitan double, consisting of Geofert, and Pilkington, for winning the prize were excellent. About ten o'clock the previous evening it is reported that Pilkington heard that Geofert had arranged to sell the race. The former became very indignant and went about looking for his partner, who got wind of the affair and disappeared for parts unknown. A strict investigation will be made into the matter by the National Association, and it behooves the Metropolitan Club to follow a like course.

The first race of the day was the junior single finals. Strickland and Shea, Don Amateur Club, Toronto; Seaton, Excelsiors; Paterson and Gugerty, Cohoes, were the contestants. After rowing a short distance, Gugerty dropped out, Shea took the lead, was never headed, and won as he pleased. Time, 10m. 9<sup>1</sup>/<sub>4</sub>s.

The senior singles brought out Psotta, of Cornell; Donohue, of the Nautilus of Hamilton, Canada, and Ryan, of the Toronto Rowing Club. It was a great race, and was magnificently fought out over the whole course. The finish between Psotta and Donohue was exciting in the extreme. Both men crossed the finish almost together—there being only a difference of two feet between the bows of the two boats. Psotta won; time, 9m. 55s. Donohue second; time, 9m. 55<sup>1</sup>/<sub>2</sub>s.

The four-oared senior race was a surprise. The Cornell University four withdrew on account of the illness of its stroke oar. The starters were the Torontos, the Passaics of Newark, the Potomacs of Washington, and the Sylvans of Moline, Ill. The boats got off with a rush, the Torontos taking the lead. The race was hot and fast, and the weaker crews soon dropped out. The Potomacs and Sylvans fouled, leaving the struggle to the Torontos and Passaics. The latter overhauled the Canadians and won by five lengths in 8m. 47<sup>1</sup>/<sub>4</sub>s.; Toronto second, time 8m. 47<sup>1</sup>/<sub>4</sub>s.

The double-scutt race was another surprise. The contestants were the Don Amateurs of Toronto, the Nonpareils of New York, and the Metropolitans, with Johnson rowing with Pilkington as a substitute for the runaway Geofert. The boats got away well together. The Nonpareils took the lead and held it to the last half-mile, with the Metropolitans second. Then the Dons took a hand in, moved up from last to second place, and eventually won in splendid style by a boat's length in 9m. 20<sup>7</sup>/<sub>8</sub>s. Nonpareils second, 9m. 30<sup>7</sup>/<sub>8</sub>s.; Metropolitans third, 9m. 44<sup>1</sup>/<sub>2</sub>s.

The eight-oared race was finely fought out by the Crescents and Fairmounts of Philadelphia. The race was won by the Fairmounts in 8m. 32s.; the Crescents' time, 8m. 36s.

THE Dirigo Boat Club, of Portland, Me., recently elected officers: President, J. D. Randall; vice-president, W. E. O'Connell; secretary, M. L. Greeley; treasurer, C. C. McLane; captain, J. F. Flaherty.

THE eleventh annual regatta of the Mississippi Valley Rowing Association was held on Lake Pullman, Illinois, July 13 and 14. The weather was very unfavorable, strong winds from the north-west prevailing, water rough, and upsets and swamping the order of the day. In the first race the Iroquois and Sylvan crews fouled at the turn, the bow of the Sylvan boat being broken off. The Pullman crews finished in fine shape, first and second, over six lengths ahead of the Crescent Club. The second race was well contested by the Lurline and Catlin crews, the Delawares steering wild and their boat swamping at the turn. The third event proved a walk-over for the Modocs, the Sylvan crew upsetting after making the turn.

Junior four-oared shells—Pullman Club crew No. 1, A. Henderson, A. Banderob, L. Haas, and W. Freeman, first, in 11m. 39<sup>7</sup>/<sub>8</sub>s.; Pullman Club crew No. 2, J. Bunner, J. Walpole, J. Allen, and T. Chadwick, second; Crescent Boat Club, Wachiti, Kan., Charles Conley E. Garnett, H. Lytle, and G. MacDonnell, third; Union Boat Club, Chicago, Ill., S. P. Avery, F. C. Avery, G. A. The annual election resulted in the choice of the following officers: President, Harry C. Avery, Faragut B. C., Chicago; secretary and treasurer, Everett C. Brown, Minneapolis.

THE Longueil Boat Club, Canada, held its annual regatta on Bay St. Louis, July 14, the events resulting as follows: Small boys' race, half mile—Won by W. F. Kirby and P. Butler; second, A. B. Near the turn Duluth fouled Winnipeg, stopping both boats, and at the turn St. Paul broke an oar blade. The umpire disqualified Duluth and ordered the other crews to row again next day.

The weather was fine the second day, but the wind was fresh down the course, making the water rough and lumpy. The course for the senior fours was one and a half miles straightaway; for all other races one and a half miles, with one turn.

YACHTING.

THE fourth annual regatta of the American Steam Yacht Club took place July 21, on Long Island Sound. The competitors in the race were the big steam yachts *Stranger*, *Susquebanna*, *Tillie*, *Restless* and *Inanda*. They started away at noon to cover the course of eighty miles from a buoy off the club-house at Milton Point, and thence to and around Stratford Shoal Light and return. It was expected that the fleet, new *Susquebanna* would cover the distance in five hours, and thus win the Atalanta's Cup, but no such time was made. The *Stranger*, contrary to general expectation, captured the prize. First to shoot over the line was Mr. J. A. Bostwick's beautiful *Oriente*; then scudded along Commodore W. M. Starbuck's *Tillie*; third to cross was the stately *Stranger*, now the property of Mr. George S. Scott; and, finally, in quick succession, the *Restless*, of Mr. W. M. Singerly, the *Susquebanna*, of Mr. Joseph Stickney, and the *Inanda*, of Mr. E. M. Fielk.

There was just enough wind to produce a good draught on the steamers. The race throughout was exciting, and was marred only by the ill luck of the *Oriente*, whose machinery went wrong. The *Stranger* won in grand style. The *Susquebanna* came home a few minutes behind the *Stranger* in an equally fine fashion, and after a wait the others followed. The following table shows the time of start and finish, and how the boats won:

Name.	Start.		Finish.		Actual Running.	
	H.	M. S.	H.	M. S.	H.	M. S.
<i>Oriente</i> . . . . .	12	00 01			Did not finish.	
<i>Tillie</i> . . . . .	12	00 03	6	09 40	5	54 39
<i>Susquebanna</i> . . . . .	12	00 41	5	14 30	5	06 32

<i>Restless</i> . . . . .	12	01 24	6	10 00	6	10 09

The *Stranger* wins the Commodore's Cup. The *Susquebanna* wins the Emery Cup in the first class, and the *Restless* wins the Emery Cup in the second class. The time allowed the boats for the eighty knots was *Stranger*, 5h. 24m. 9s; *Susquebanna*, 5h. 33m. 51s.; *Tillie*, 5h. 28m. 51s.; *Restless*, 6h. 8m. 48s., and *Inanda*, 6h. 36m. The estimated time consumed in turning the Stratford Light was *Stranger*, 3m. 11s.; *Susquebanna*, 7m. 17s.; *Tillie*, 15m.; *Restless*, 2m. 27s., and *Inanda*, 12m. 27s.

THE annual regatta of the Eastern Yacht Club was sailed June 27th, off Marblehead. The list of entries was not as large as usual. The wind was fresh, varying from ten to a fifteen-knot breeze, with moderately rough sea. The *Volunteer* again showed her superiority over her designer's earlier productions, and by beating the *Puritan* fifteen minutes over the thirty-six-mile course, established more firmly than ever her title of "Queen of the Fleet." Next to the performances of the two big sloops in importance was the race between the Burgess forty-footers, the *Xara* and *Baboon*. The following will show the closeness of the contests:

THE postponed race of D and E class yachts of the New Jersey Yacht Club took place July 17, in a strong breeze. The course was from Bedloe's Island dock to Buoy 13, off Hoffman's Island, then to Buoy 16, off the point of Coney Island, and back to starting line, keeping to west of buoy on Robbin's Reef going and returning. Three yachts started in D class, and two in E class. The wind was fresh from the south-east, and kept increasing as the race went on. The *Growler* and *Leader* were the winners in their respective classes.

A REGATTA took place at Kingston, Ont., July 13, under the auspices of the Kingston Yacht Club and the Lake Yacht Racing Association. There was a strong wind from the north. There were four entries in two classes, namely, in Class II. the cutter *Madge*, of Rochester, and sloop *Cygnnet*, of Toronto, and in Class III. the *Iolanthe*, of Belleville, and *Gerda*, of Kingston. The race had to be started twice and the course changed on account of some of the buoys drifting ashore. The second start took place to a buoy anchored five miles to leeward, twice round, making a course of 20 miles. The boats got off in the following order: *Iolanthe*, 10h. 28m.; *Gerda*, 10h. 28m. 30s.; *Madge*, 10h. 29m.; *Cygnnet*, 10h. 28m. 5s. After turning the buoy the first time the boats had a close haul for the starting buoy. When they were near the starting mark *Cygnnet* ran into *Gerda*, and the latter had to be towed home. *Iolanthe* and *Madge* went over the course, finishing as follows: *Madge*, 4h. 16m.; *Iolanthe*, 4h. 18m.

THE annual cruise of the New York Yacht Club began August 8th. The fleet were ordered to rendezvous at New London, Conn. Commodore Gerry's steam yacht, *Electra*, the flagship of the fleet, left New York Harbor on the morning of the 8th, and arrived in New London Harbor the same evening. Nearly all the crack vessels in commission took part in the cruise, which promised to be the most successful in the history of the club. Our time of going to press prevents more than a passing notice in this issue. More anon.

THE Corinthian Yacht Club held a regatta off Marblehead, Mass., on July 7, in weather that was all that any one could wish. Twenty-three boats started, and they had all the wind that they could carry from the time of starting till the race was over. The first and second class boats sailed over a course of ten miles, and those of the third class went six miles. Winners: First class, keels—*Rosalind*. First class, centreboards—*Atalanta*. Second class, keels—*Kitty*. Second class, centreboards—*Sprite*. Third class, keels—*Wraith*. Third class, centreboards, *Holden*.

COMMODORE GERRY, of the New York Yacht Club, has changed the Naphtha System in his launch *Electra* and put in the Ofeldt Improved System, using Naphtha Gas for fuel only. This work was done by the Hohenstein Manufacturing Company, of which E. R. Mecker, 49 Dey Street, New York City, is the General Agent.

THE *Saracen*, one of Burgess's recent thirty-foot creations in the cutter, defeated the pick of the Corinthian Yacht Club fleet, of Marblehead, Mass., June 30th, with minutes to spare. The race was the first of this season's club championships.

THE fourth general meeting of the New York Yacht Club was held at Delmonico's, July 19th. Alexander Taylor, Jr., resigned as member of the Regatta Committee. The following gentlemen were elected members: E. P. Barker, Andrew Barstow, Joel B. Wolfe, E. Curtis Moffat, and Henry Burden.

## THE CORNELL UNIVERSITY CREW.

INCREASED INTEREST IN BOAT RACING—ITS DANGERS LESSENED — AN EXAMPLE OF OVERTRAINING.

THE following letter speaks for itself, and is one of the scores of unsolicited testimonials daily received by me:

ZETA PSI HALL, CORNELL UNIVERSITY,  
ITHACA, N. Y., July 25, 1888.

MRS. HARRIET HUBBARD AYER: Dear Madam,—I shall always take pleasure in recommending your "Vita Nuova" to athletes, particularly to oarsmen suffering from too much training.

During a rigid and exceptionally severe course of hard training under Charles Courtney, our "coach," I became ill and debilitated from an attack of dysentery, but foolishly continued my hard work (averaging a row of twenty-five miles per day), until I had "trained down" from one hundred and eighty pounds to one hundred and forty seven, and became completely prostrated, or what boating men called "overtrained." "Vita Nuova" has completely restored my wasted vitality, and I feel so full of new life and grateful that I desire personally to thank you. I used "Vita Nuova" through the recommendation of Mr. Blow, of St. Louis. Gratefully yours,

ROBERT LEE McCOMB,  
Stroke Cornell University Crew.

Vita Nuova (New Life) is the best remedy for dyspepsia, nervousness, sleeplessness, and overwork. It will assist the weak stomach; it will rest the weary brain; it will "brace up" the shattered nerves. As it is made from the prescription of a famous physician, you are not taking a quack medicine. As it is made by an honest manufacturer, you are assured of pure ingredients. As it is used and endorsed by men and women you all know and respect, you are not using an unknown or untried remedy; only be careful to get the genuine; refuse substitutes. Send to Harriet Hubbard Ayer, 52 Park Place, New York, for additional testimonials from Rev. David Swing, of Chicago; Judge Morgan J. O'Brien, Supreme Court, New York; Hon. Henry Watterson, of Kentucky; ex-Gov. Andrew G. Curtin, of Pennsylvania, and many others of like character and reputation. If your druggist does not keep Vita Nuova send one dollar by postal order or registered letter, and by mentioning OUTING, it will be sent to you free of express charges.—*Adv.*

## ANSWERS TO CORRESPONDENTS.

[This department of OUTING is devoted to answers to correspondents seeking information on subjects appertaining to all sports.]

Tennis Player.—The information you desire can be obtained of Messrs. A. J. Reach & Co., of Philadelphia, See advertising pages.

E. S. F., Bay Shore, L. I.—The book which will answer your purpose is Captain Howard Patterson's "Yachtsman's Guide," published by the New York Navigation School, 26 Burling Slip, New York City. We gave a notice of it on page 191, of the May number of OUTING.

*Eques, Baltimore.*—It is highly probable that the cause of the congestion of the lungs, of which your horse undoubtedly died, was over-exertion; possibly, also, he may have contracted a chill in connection with it. If a fat horse is put to excessively sharp work, the blood collects and stagnates in his lungs, of course preventing its proper oxidation, so that the animal is simply asphyxiated. It is impossible to do much on the spot for an animal in such a state, except to give him as much air as possible, and a dose of fermented liquor, keeping him moderately warm, while, for mild cases, bleeding is sometimes recommended. In the stable care must be taken to keep the animal warm, restoring circulation by friction, especially to the ears if cold, while warm flannel bandages are put on the legs and gruel administered. Great care must be exercised in giving solid food, till health is restored.

*Silk Jacket, Des Moines, Ia.*—The length of the Derby course at Epsom, England, is about a mile and a half. You are right in supposing that it is such a course as would not be tolerated in America, or indeed in England, except from old associations' sake. Tattenham Corner is probably the worst corner in a race-course in existence, and the home-stretch is first down and then up hill. The late Fred Archer owed much of his reputation to Tattenham Corner; for there he would "cut in" on the rails and steal lengths from his opponents.

*"Get Forward," Richmond, Va.*—Fox-hunting can scarcely be said to be in a state of decline in England. No doubt there have been more petty annoyances and worries attending the position of a Master of Hounds of late years than ever before, but, on the whole, the grand old sport is far from being in a moribund condition. This year the Cheshire Hounds had to stop hunting in March instead of April, owing to the farmers' protests, but such cases as these are happily rare. Every year hunting men find more and more that the good-will of occupiers of land is only to be gained by substantial remuneration for damages inflicted, and this lesson has now been learned and appreciated.

*Yachtsman, Eastern Yacht Club, Boston.*—We are happy to be able to inform you that we shall give installments of "Memories of Yachting Cruises" for some months yet,

*Coxswain, Schuylkill Navy.*—It was in 1878 that the Columbia College crew crossed the Atlantic and took part in the Henley Regatta. They were successful in the Visitor's Challenge Cup for four-oars, in the time of 8m. 42s. The time is, however, no great criterion, as the stream is so variable, according to the amount of water in the river. We believe that the best time made was by the Trinity Hall, Cambridge, crew in 1885, viz., 7m. 41s.; while the worst was in 1862, when the Brasenose College, Oxford, crew took 9m. 40s. to do the course.

*Amateur Photographer.*—Carbutt's dry plates, by all means. The drift of your query bespeaks a beginner, and as such you will find Carbutt's B Landscape Plate the most manageable at first. Later on, as you acquire mastery and look for rapidity, the Eclipse plate, of the same manufacturer, will commend itself as the very realization of instantaneity; and should your efforts extend to the production of pictures in which correct color value is an indispensable factor of perfection, use Carbutt's Orthochromatic plates. You can get them at any of the dealers in photo materials. You need not hesitate to consult by letter for photographic outfits any dealer whose advertisement you find in OUTING.

*Beginner in Tennis, Danville, Ill.*—

By the latter part of Rule 32 it is meant that, when A or B are serving, D and C shall not change places during any set so that, for example, C shall receive all of A's services. Thus, C and D must alternately receive the services from the opposite court, C taking them in Court 2 and D in Court 1. Of course, each time a player serves he changes his court, e.g., from F to G; but if his first service in any court be a fault, he remains in the same court to make his second attempt.

*Wm. J. Blanchard.*—For campaign badges and bannerettes you had better send to Robt. Sneider, 96 Fulton Street, this city. For design, quality and variety, his stock is altogether the most satisfactory.

*Subscriber, Savannah, Ga.*—The only builders of paper boats that we know of are Waiter & Son, of Troy, N. Y., while the Racine Co., Racine, Wis., are builders of veneer boats.

*Inquiring Athlete, Grand Rapids, Mich.*—Yes, there are certain manufacturers who make a specialty of Athletic Underwear, among them the Brokaw Manufacturing Company, who are regular advertisers in the pages of OUTING (page iii.) and noted for the excellence of their goods. In a late issue of OUTING we had occasion to call attention to the Jaeger Sanitary System of Underwear (page iv.), which has grown to be deservedly popular, not only in Europe, but also in this country. Very recently American manufacturers have taken up the manufacture of silk underwear with remarkable results. We are told that very little silk underwear is now imported from Europe, because our own manufacturers are producing such wares with quite equal if not better results than their European competitors. Thus, for instance, the BROOKLYN KNITTING COMPANY are manufacturing silk and merino underwear that cannot be excelled anywhere in the world; and men of the most fastidious tastes will find at the rooms of the Brooklyn Knitting Company, 74 Fifth Avenue, a variety and quality of underwear in silk that will put any foreign goods, at no matter what price, in the shade. *The Wheel* said recently of another manufacturing company's goods: "We have been experimenting with Brown's silk athletic goods, and find them an excellent article for athletes, wheelmen, and for all sporting purposes, as well as for ordinary underwear. The goods are patented and hand-made, and only pure silk is used."

*Cycler, Delhi, N. Y.*—You need not hesitate to send your order by mail to Spalding Brothers, or to Peck & Snyder. Both these houses are first-class dealers and will treat you with even more scrupulous care than if you called at their stores. In fact, you may safely rely on any house whose advertisement appears in the pages of OUTING. We make it a study to insert only the advertisements of first-class houses, and if you will glance over our advertising columns, you will miss many advertisements that commonly appear in other publications. It pays us to discriminate in the interests of our readers.
