WINCHESTER

High Power Big Game Rifles

When you want to drive a ten-penny nail you don't use a tack hammer. For the same reason, when you set off to hunt grizzly, elk, mountain goat, or other big game generally shot at fairly long range, don't take a medium or low-power rifle just because you happen to have one, but carry a long, strong-shooting rifle—one that hits a smashing, knock-down blow. Such rifles are the Winchester Model 1886 .33 caliber and the Model 1895 .30 Army, .35 and .405 calibers, using high-power smokeless powder cartridges with metal-patched, soft-pointed bullets. The bullets used in these cartridges have a good-sized cross section, which gives them great killing power at the distance most big game is shot. The accuracy of these rifles and cartridges has been thoroughly established, and if you sight right the game is yours. Your gun dealer can show you these models, or we will send you a catalogue describing them upon request. Winchester Cartridges and Winchester Guns are made one for the other.

THE KENDALLVILLE SHOOT.

Frank Snow Won First Prize For High Amateur Average.

Kendallville, Ind., Sept. 21.—The Limited Gun Club gave a highly successful two days' tournament here September 12 and 13. The favorable weather made pleasant outdoor sport of trap shooting and the attendance was large. There was 200 shots each day on the programme and $50 in average money was offered to the five amateurs and $30 to the three low guns. High average on the first day was made by L. H. Reid, who broke 195 out of 200. L. Barkley, of Chicago, was high amateur with 193.

On the second day H. Money was high expert with 189 out of 200. B. Call, of Montpelier, O., was best amateur with 188. For the two days Reid broke 382 out of 400 for high professional honors. For the amateurs Frank Snow, of Brooklyn, O., won first money, $25.00, with 374. B. Call, Shephardson and H. Clark were second, Barkley third, G. Henderson fourth, Kirby fifth. In a special prize event Frank Snow won the DuPont trophy on 50 straight. H. Clark, Shephardson and J. Young tied for second on 49 out of 50. In the shoot-off after the third tie Clark won the Parker trophy. Tites on 48 for third were shot off among W. Clark, E. Brown and F. Foltz, Clark winning. The scores of those who shot through a day's programme follow:

The Dover Tournament.

The Dover Gun Club, of Dover, Del., will hold the second fall tournament of the Delaware State Trap Shooters' League on October 11 and 12. On the first day there will be twelve events at 15 targets each, a total of 180 targets, entrance amounting to $15.60. The purses in these events will be divided by the Rose System, 5-3-2-1. The special feature of this day will be a purse of one cent taken for each target thrown during the day and divided among high amateurs, into nine moneys, 25-20-15-10-8-7-6-5-4 per cent. This should prove a good drawing card to some of the crack amateur shots, as the purse would amount to $135.00 with 75 shooters. On the second day there will be ten events; two of 10, two of 15 and six of 25 targets, entrance amounting to $15.00. This is State shoters' day, but any amateur from any State may enter for the purse. For information and programme address W. H. Reed, secretary, Dover, Del.

Athens Gun Club.

Athens, Pa., Sept. 25.—The newly organized Athens Gun Club gave a prize shoot Sept. 9. In the first event Brooks won a steel fish rod. In second event Brown won a single barrel shot gun. In event No. 3 Brown took a target rifle on the only straight score.

On Sept. 23 the weekly shoot was held. F. Childs did the best shooting, breaking 23 out of 25 in the first and 21 out of 25 in the second event.

In a race at 13 pairs Brooks defeated Struble by the score of 15 to 14. The interest in trap shooting is increasing here and the new club is in a flourishing condition. The scores of the last two shoots follow:

CINCINNATI MADE GOOD.

The Club Paid All Losses of the Amateur Shots.

St. Bernard, O., Sept. 28.—Editor "Sporting Life."—A few remarks relating to the tournament held in Cincinnati last week may prove of interest to the trap shooters of the country, and we will thank you very much if you will give the following statement prominence in your valuable paper:

The shoot was hardly up to expectations in attendance, though a large crowd was not expected for various reasons; however, there were enough on hand to make a very enjoyable time for those who did attend.

The committee did all they promised, and a great deal more than anyone else dreamed of.

Forty-five men shot through the entire programme, 22 of whom failed to win their entrance. Their combined losses amounted to $401,45.

There was paid out as average money $200.00, making a total of $601.45 paid to the amateurs who shot through the three days. This amount, $601.45, was the entire profit of the tournament, made on 37,870 targets trapped, programme and locker rent.

The entrance for the three days was $63.00 and every one of the 22 amateurs who failed to win this amount were paid a sum sufficient to cover their losses, not only getting back their entrance, but also getting their targets free. The smallest amount paid back was $1.85, the largest was $40.50.

In a nutshell—you could win good money if you shot well, but no matter how poorly you shot you couldn't lose.

The events paid exceptionally well, both in the Rose System and the optional sweeps; one amateur, who lost $1.85 in the regular events, pulled down $30.00 above his entrance in the optional. When his $1.85 was returned to him it took some time to convince him that he was entitled to it.

The office force, composed of Luther Squier, Fred and Charlie Dreihs, are entitled to a great deal of praise. Winnings were paid before shooters were ready to leave the grounds each evening, and the last day they were being paid average money and all before the last event was finished. This seemingly impossible feat was accomplished by having the experts who were not in the money shoot in the last squads.

It is safe to say that all who were here will come next year and bring someone with them. Yours truly,

Tournament Committee,
By ARTHUR GAMBELL.

North Branch Gun Club.

North Branch, N. J., Sept. 28.—A rainy day kept the attendance down at the shoot of the North Branch Gun Club, Sept. 19. J. A. R. Elliott was the high expert with 175 out of 200 targets. H. B. Ten Eyck was high amateur. I. Hahn won a gun case and G. W. Field captured a shell case. Hahn and Ten Eyck tied for long run prize. J. A. R. Elliott and H. Waters were the trade representatives present. The scores follow:

Trap in Iowa.

Brooklyn, Iowa, Sept. 27.—A successful amateur shoot was held by the Brooklyn Gun Club last week. The weather was ideal for the sport, with enough wind at times to keep the targets from becoming too easy. The trade was represented by Z. H. Fitzsimmons, of the Austin Cartridge Co., and Fred C. Whitney, of the Winchester Repeating Arms Co. Mr. Whitney handled the office work in his usual rapid manner.

Wallace led in the shooting each day, and was high for the two days on 378 out of 400. On the second day he lost only two targets. The scores follow:
