98+ % For 5295 Targets and 565 "Straight" Made With

WINCHESTER

Loaded Shells and Shotguns

E. F. Forsgard's record for a season's shooting of 98+ per cent. on 5295 targets, shot in Registered Tournaments, with a Winchester Repeating Shotgun, and Winchester Loaded Shells, is still unbeaten—is still unequalled.

C. G. Spencer's record of 565 straight targets, made in open competition, with a Winchester Repeating Shotgun and Winchester loaded Shells is still unbeaten—is still unequalled.

These two records are what shooters have been trying to break and, although much wonderful shooting has been done in the endeavor, these records still stand, thereby showing plainly that

THE W BRAND IS STILL SUPREME
