## Shooting REMINGTON-UMC Indoor Target Cartridges

(Formerly Called SPECIFICATION 73)

WHICH SIMPLY REPEATS 1913'S STORY—

You will remember that the Park Club and Mr. D. I. Gould made the same winnings in last year's League series—

Again was Remington-UMC ammunition subjected to the most critical tests by many of the best shots in the United States. Not only the District of Columbia scores, but improved shooting on many other teams, have again proved Remington-UMC superiority—dependability.

### PERFECT SCORE FOR WINNER

#### Gale Moffet Takes Pommery Cup at Salt Lake City.

Salt Lake City, Utah., March 6.—Gale Moffet won the Pommery cup Sunday at the Salt Lake Gun Club's traps from a field of 46 shooters and also took the lead in the club's championship series. A gusty wind made the flight of the targets extremely uncertain. Moffet made a perfect score of 50 in the cup event and a perfect score of 43 in the championship event which latter gave him four points, making his total nine with six to go to win. John F. Cowan and W. C. Kreplin tied for second place in the cup race with scores of 48. W. F. Gallagher took second place in the championship shoot with eight points, and Sam Williams moved up to third with seven points. The scores:

### High Score Tie at Wellington

Wellington, Mass., March 6.—George R. Steele, of Newton, and Leon Davis, of Boston, tied at 97 for high gun honors at the matinee shoot of 100 targets over the Paleface traps, Steele winning the shoot-off of 25 targets. In the match Steele made a straight run of 60 in the last three rounds. The third telegraphic match of 25 targets, comprising the first two rounds of the 100-target match, was shot. The ten leading Paleface shooters' scores totaled 240 out of a possible 250. W. P. Clarke, of Boston, F. O. Williams, of Brookline, and Dr. Samuel Ellis each shot 25 straight in this match. The conditions for shooting were fairly good. The scores:

## Telegraphic Trap Shooting Contests

THE March contests in the Telegraphic Trap Shooting series conducted by the Du Pont Trap Shooting Club, finds the Paleface Gun Club, of Boston, leading with 240. Cincinnati, good sportsmen and deserving of better treatment at the hands of the weather man, have had hard luck in every one of their matches, and as a consequence have turned in low scores—much lower than the standard of their club calls for. Boston came back again this month, and broke an average of 96 per cent. per man. Wonder what the Sioux City Indians will do with that? The Starved Rock Gun Club, with its excellent scores, is placing Utica, Illinois, on the shooting map, as "she never was before." The Buffalo Audubon Club continues to shoot consistently.
