## TOURNAMENT Gun

Designed Especially For Trap Shooting---12 Gauge Hammerless

This grade of the Winchester Model 1912 shotgun has been worked out with a great deal of thought and care, to make it meet trap shooters' ideas. It has a 30-inch Nickel steel barrel with raised matted rib, and shoots a fine pattern. The handsome, oil-finished stock of selected walnut has a well-shaped checked grip. The slide handle is also checked. Length of pull is 14 inches, drop at comb 1 9-16 inches, and drop at heel 1 3-4 inches. The comb is heavy and rounding, which is a help to quick and accurate sighting. The Tournament gun weighs about 7 1/2 pounds, which is just right for trap shooting. The list price is only \$45.00, and the retail price is less.

The 12 gauge Model 1912 repeater is also furnished in TRAP grade, listing at \$55.00, and in PIGEON grade, listing at \$105.00. For further details of these—"The Most Perfect Repeaters"—ask your dealer, or send for circular to the

### HIGHLAND'S MONTHLY SHOOT

**C. Newcomb Takes High Honors, While Perry Leads Class B.**

Philadelphia, Pa., March 30.—The monthly shoot of the Highland Gun Club at Edge Hill on March 28 was well attended and marked by excellent shooting. The cold wind and rain made high scores hard to get, so that the 85 out of 100 scored by the high gun, Charles H. Newcomb, was fine work. Newcomb's 85 gave him two silver spoons for respective feats on each 50-target performance, a win on the President's trophy and one on the Directors', and two points in Class A for the Point Class cup, the Burns Memorial trophy, the captain's donation and in the class championship and period trophy event. H. E. Perry made a clean sweep in Class B. He totaled 61 out of his 100. Fell, breaking 72 targets, walked home with four dippers beside credits on various prizes. Tom Mechan captured a spoon for Class C on the first 50 targets, also a win on the President's trophy. Freed won two dippers in Class D, while Rigg, a visitor, won the spoon donated to visiting gunmen. Jesse Griffith, shooting alone in Class A, was awarded one point each on the Captain's, class championship, period and Burns Memorial trophies. Freed got two holds on the Captain's and Burns Memorial prizes, while H. Greenwood landed an award on the Captain's, class championship, period and Burns Memorial prizes. R. Greenwood won a point on the Captain's, class championship and period trophies, and J. Greenwood a win on the Burns Memorial donation. Pratt and Houpt also scored one point each on the latter trophy. ### ACTIVITY AT ROANOKE CLUB

Twenty-Nine Shooters Compete Over New Western Traps.

Roanoke, Va., March 30.—After many weeks of anxious waiting the members of the Roanoke Gun Club on March 28, enjoyed the first shoot on their reconstructed shooting grounds, which are now practically completed. The modern arrangements and conveniences can only be appreciated by a visit to the grounds. The club extends an invitation to visitors at all shoots. H. E. Winans, of the Western Cartridge Company, during the past week personally installed five of the very latest Western Automatic Traps, and was

## Telegraphic Trap Shooting Standing

IT IS doubtful if anything inaugurated in the trap shooting game in recent years has created as much interest as have the telegraphic trap shooting matches. But a few points separate several of the leading teams, and one day of unfavorable weather in some of the cities which have clubs entered would surely alter the standings of the teams which are now figured as likely winners. Speaking of interest, it is not unusual for the writer to receive requests by wire, letter or phone for information as to what score other teams have made, and these from secretaries of clubs which are also in the race, and from daily newspapers around the country. Three clubs, the Minneapolis Rod and Gun Club, Highland Shooting Association, Philadelphia, and the New Columbus Gun Club, of Columbus, Ohio, have not, at the time this is being written, made a report of the results of their third match, but the scores of the other 25 teams follow in detail:

present with us at Saturday's shoot. The traps gave perfect satisfaction in every way, and the officers of the club consider they have selected the most perfect and modern style of trap that can be secured. The brisk wind effected the scores of the shooters. On April 4 will be the official opening of the 1914 shooting season of the Roanoke Gun Club, at which event several out-of-town amateurs and professionals will be with us.
