Telegraphic Trap Shooting Contests

INTEREST continues in the Telegraphic Trap Shooting Matches, and better scores than ever were the order of the day with the teams that have shot their fourth matches in the race. As yet nothing has happened to disturb the positions of the leaders in the race, but Boston, Sioux City and Columbus, Nebraska, have not reported for this month. Attention centres on what they will do, of course, as apparently they have a safe lead for first position. A slip-up on the part of any of them, or the missing of a few extra targets caused by bad or unfavorable weather, will jeopardize their chance for first position. The match will end with the scores turned in during May, and it is safe to say that the most exciting part of the contest is still ahead. Scores for the month of April rule high—higher in fact than at any time during the race. Coatesville is leading, with 239x250, followed by Dayton, with 238, and Buffalo, with 236. Other scores are:

Table with 2 columns: Location, Score. Includes Coatesville, Pa. (239), Dayton, O. (238), Buffalo, N. Y. (236), Utica, Ill. (234), Danbury, Conn. (233), Little Falls, N. J. (223), Kankakee, Ill. (222), Cincinnati, O. (218), Philadelphia (Fox) (181).
